An interesting coin with a bit of red peeking out from the middle of the cent, with more browns and greens near the rim. Most likely from the famous Randall Hoard, with the die crack that the hoard coins almost all have. Feel free to research the hoard, as it is quite a story.

Population: PCGS 63 in MS 62 RB, 210 higher. Certification#: 81765388

\$1,690
